Data Declaration

Participation Table

Number of Participating Agencies and Population Covered, by Population Group, 2017

The FBI collects these data through the Uniform Crime Reporting Program's Hate Crime Statistics Program.

General comment

This table presents the number of law enforcement agencies participating in the Hate Crime Statistics Program and their jurisdictions' aggregate population for 2017 distributed by population group.

Methodology

The data used in creating this table were from all law enforcement agencies that submitted either of the following: 1) at least one *Group A Incident Report*, a *Group B Arrest Report*, or a *Zero Report* for at least 1 month of the calendar year via the National Incident-Based Reporting System; or 2) at least one *Hate Crime Incident Report* and/or a *Zero Report* via the *Hate Crime Technical Specification* or the Microsoft Excel Workbook Tool. The published data, therefore, do not necessarily represent reports from each participating agency for all 12 months (or 4 quarters) of the calendar year.

Population estimation

For the 2017 population estimates used in this table, the FBI computed individual rates of growth from one year to the next for every city/town and county using 2010 decennial population counts and 2011 through 2016 population estimates from the U.S. Census Bureau. Each agency's rates of growth were averaged; that average was then applied and added to its 2016 Census population estimate to derive the agency's 2017 population estimate.
